Low-income students come from families receiving public aid; live in institutions for neglected or delinquent children; are supported in foster homes with public funds; or are eligible to receive free or reduced-price lunches.

Limited-English-proficient students are those students eligible for transitional bilingual programs.

Mobility rate is based on the number of times students enroll in or leave a school during the school year.

Chronic truants are students who are absent from school without valid cause for 18 or more of the last 180 school days.

SCHOOL DISTRICT FINANCES

TEACHER/ADMINISTRATOR SALARIES (Full-Time Equivalents)

Salaries and counts of staff are summed across a district based on the percentage of time that each individual is employed as a teacher or an administrator and may or may not reflect the actual paid salaries for the district.

** Due to the way Illinois school districts are configured, state averages for equalized assessed valuation per pupil and total school tax rate per \$100 are not provided.
Equalized assessed valuation includes all computed property values upon which a district's local tax rate is calculated.
Total school tax rate is a district's total tax rate as it appears on local property tax bills.
Instructional expenditure per pupil includes the direct costs of teaching pupils or the interaction between teachers and pupils.
Operating expenditure per pupil includes the gross operating cost of a school district excluding summer school, adult education, bond principal retired, and capital expenditures.

ACADEMIC PERFORMANCE

OVERALL STUDENT PERFORMANCE

These charts present the overall percentages of state test scores categorized as meeting or exceeding the Illinois Learning Standards for your school, district, and the state. They represent your school's performance in reading, mathematics, and science.

The 2007-08 school year was the first time that Limited English Proficient (LEP) students took the ISAT or PSAE (with accommodations) instead of the IMAGE test. Therefore, any comparisons with prior year's achievement levels for LEP students should be made with appropriate caution.

OVERALL ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT) PERFORMANCE

ISAT PERFORMANCE

These charts provide information on attainment of the Illinois Learning Standards. They show the percents of student scores meeting or exceeding Standards for the grades and subjects tested on ISAT.

PERFORMANCE ON STATE ASSESSMENTS

Federal law requires that student achievement results for reading, mathematics, and science for schools providing Title I services be reported to the general public.

The Illinois Standards Achievement Test (ISAT) is administered to students in grades 3 through 8. The Prairie State Achievement Examination (PSAE) is administered to students in grade 11. The Illinois Alternate Assessment (IAA) is administered to students with disabilities whose Individualized Education Programs (IEPs) indicate that participation in the ISAT or PSAE would not be appropriate.

Students with disabilities have an IEP (No Child Left Behind Act). An IEP is a written plan for a child with a disability who is eligible to receive special education services under the Individuals with Disabilities Education Act.

Reading and Mathematics are tested in grades 3 through 8 and 11. Science is tested in grades 4, 7, and 11.

In order to protect students' identities, test data for groups of fewer than ten students are not reported.

ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT)

The following tables show the percentages of student scores in each of four performance levels. These levels were established with the help of Illinois educators who teach the grade levels and learning areas tested. Due to rounding, the sum of the percentages in the four performance levels may not always equal 100.

- Level 1 -- Academic Warning - Student work demonstrates limited knowledge and skills in the subject. Because of major gaps in learning, students apply knowledge and skills ineffectively.
- Level 2 -- Below Standards - Student work demonstrates basic knowledge and skills in the subject. However, because of gaps in learning, students apply knowledge and skills in limited ways.
- Level 3 -- Meets Standards - Student work demonstrates proficient knowledge and skills in the subject. Students effectively apply knowledge and skills to solve problems.
- Level 4 -- Exceeds Standards - Student work demonstrates advanced knowledge and skills in the subject. Students creatively apply knowledge and skills to solve problems and evaluate the results.

Four Conditions Are Required For Making Adequate Yearly Progress (AYP):

1. At least 95% tested in reading and mathematics for every student group. If the current year participation rate is less than 95%, this condition may be met if the average of the current and preceding year rates is at least 95%, or if the average of the current and two preceding years is at least 95%. Only actual participation rates are printed. If the participation rate printed is less than 95% and yet this school makes AYP, it means that the 95% condition was met by averaging.
2. At least 70.0% meeting/exceeding standards in reading and mathematics for every group. For any group with less than 70.0% meeting/exceeding standards, a 95% confidence interval was applied. Subgroups may meet this condition through Safe Harbor provisions. ***
3. For schools not making AYP solely because the IEP group fails to have 70.0% meeting/exceeding standards, 14% may be added to this variable in accordance with the federal 2% flexibility provision.
4. At least 90% attendance rate for non-high schools and at least 78% graduation rate for high schools.

* Includes only students enrolled as of 05/01/2008.

** Safe Harbor Targets of 70.0% or above are not printed.

*** Subgroups with fewer than 45 students are not reported. Safe Harbor only applies to subgroups of 45 or more. In order for Safe Harbor to apply, a subgroup must decrease by 10% the percentage of scores that did not meet state standards from the previous year plus meet the other indicators (attendance rate for non-high schools and graduation rate for high schools) for the subgroup. For subgroups that do not meet their Safe Harbor Targets, a 75% confidence interval is applied. Safe Harbor allows schools an alternate method to meet subgroup minimum targets on achievement.

PLANNED IMPROVEMENT FOR THE SCHOOL AND DISTRICT

Areas of Success:

The results of best practices are evidenced throughout our learning community. Implementation of the RtI program at the primary and junior high levels continue to boost scores for students who at “at risk”. The core curriculum at both levels for reading and math continues to be effective practice for all students.

As evidenced by our ISAT scores students continue to score well above state percentages each year for reading and math. A highlight for this year is seen in our 8th grade writing scores that rose 24% points this year. The writing instruction for both levels continues to be a focal point.

Math and reading scores for the 3rd grade level rose 10-11% points for this ISAT cycle. This can be attributed to the strong core curriculum currently in place.

Areas of Concern and Planned Improvements:

Although our scores are strong in most areas the area of focus for the primary will be writing. We have adopted a consistent rubric that will be used all year along with a rubric for extended response which will help to boost the writing scores in the next cycle. Writing daily and focusing on elaboration are ways in which we will fill in the gaps in achievement.

We continue to focus on our “at risk” students through the use of RtI intervention groups during school and after school. Students receive Tiered intervention throughout the day in the areas of math and reading. Our goal is that all students will meet and exceed and until that mark is met we will strive to increase student achievement yearly.

Best teaching practices continue to be a professional development goal for our staff. Marzano and associates will be conducting an in-service for the entire district and staff will be focused on “The Art and Science of Teaching” during a year-long book study. The other two areas of professional development that the staff will focus on are Differentiation and Strategic Instructional Model. It is our goal to provide the latest research based instructional strategies to all Dee-Mack instructional leaders.
